

Main Features

This product impresses with its robust construction and easy portability.

- **Wheels:** The product is equipped with 2 braked and 2 non-braked Kama Ø125 wheels. These wheels make it easy to transport the product and fix it when necessary.
- **otal Weight:** The total weight of the product is 67 kg. This weight increases the durability and robustness of the product.
- **Profile Color:** The profiles of the product are coated with electrostatic powder paint over DKP. The color can be selected as desired, which gives the product aesthetic flexibility.
- **Profile Dimensions:** The upper profile dimensions are 30 x 30 x 1.5 mm, while the lower profile dimensions are 50 x 30 x 1.5 mm. These dimensions are ideal for the durability and stability of the product.
- **Ease of Use:** The product is portable for hot and cold devices, making it easy to use these devices.
- **Shelf Dimensions:** The shelf dimensions of the product are 165 mm. These shelves allow various items to be stored in an organized manner.
- **Overall Dimensions:** The overall dimensions of the product are 840 x 1137 x 1483 mm. These dimensions make the product suitable for a variety of applications.
- **With features such as braked and non-braked wheels, electrostatic powder coating, different profile dimensions, and ease of transport, it offers a flexible solution that can meet the diverse needs of users.**

Technical Information

Dimension	: 840x1137x1483 mm
Profile Color	: Electro Static Powder Coated on Steel (Color Optional)
Wheel	: 4 pcs, 2 with brake Ø125
Upper Profile Dimension	: 30x30x1.5 mm
Lower Profile Dimension	: 30x50x1.5 mm
Weight	: 67 kg
Shelf Dimension	: 165 mm
Usage	: Easily Portable Hot and Cold Devices
